## FISCAL ANALYSIS

### ASSUMPTION

Officials from the **Department of Public Safety - Director's Office** assume that any costs associated with this proposal could be absorbed with existing resources.

Officials from the **Department of Public Safety - Missouri Highway Patrol, Joint Committee on Administrative Rules** and the **Department of Health and Senior Services** each assume the proposal would not fiscally impact their respective agencies.

Officials from the **Department of Social Services (SOS)** state many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$2,500. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, we also recognize that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what our office can sustain with our core budget. Therefore, we reserve the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.
